

Network for Success

You are invited to attend an exciting event to engage with young people in your local area.

This is not another careers event, but will focus on the sharing of information and skills development, to help attendees make informed choices about their future.

This event is for young people aged 15–18 and their parents/responsible adults.

Four events will take place across the county in early October 2026, these will be evening events and the dates and venues will be confirmed soon.

Barrow Carlisle Penrith Workington

Support young people to network with companies through a facilitated session

Help build young people's confidence to communicate with new people

Support young people to make informed choices through access to information

**If you would like to express your interest to be involved, please contact:
